<u>Investment Authority:</u> We manage investment accounts on a <u>discretionary</u> basis whereby <u>we will decide</u> which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We offer *non-discretionary* investment management services whereby we will provide advice, but **you will ultimately decide** which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings:

We primarily offer advice on the following types of investments or products: equity securities, mutual fund shares and ETFs.

Account Minimums and Requirements: In general, we require a minimum account size of \$300,000 to open and maintain an advisory account. This equates to an annual fee of \$3,000. Accounts of less than \$300,000 may be set up with the understanding that the minimum annual fee is \$3,000. Other exceptions may apply to our employees and their relatives, or relatives of existing clients subject to approval by an officer of the company. Legacy clients who do not meet current account minimums are permitted to remain clients of Robbins Wealth Management subject to approval by an officer of the company. Clients with assets below the minimum account size may pay a higher percentage rate on their annual fees than the fees paid by clients with greater assets under management.

Examples of the most common fees and costs applicable to our clients are:

- Fees related to mutual funds and exchange-traded funds;
- · Transaction charges when purchasing or selling securities; and

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.
