

Form ADV Part 3: Relationship Summary - Fusco Financial Services, Inc.

Introduction

Fusco Financial Services, Inc. ("Fusco Financial Services" or "we") is an investment adviser registered with the U.S. Securities and Exchange Commission. We offer our clients investment advisory services. Clients should understand that the services we provide and fees we charge are different than those of a broker-dealer, and that it is important to understand the difference between the two. Free and simple tools are available to research firms and financial professional at <https://www.investor.gov/CRS>, which also provides educational materials about investment advisers, broker-dealers and investing.

What Investment Services and Advice Can You Provide Me?

Description of Services: Fusco Financial Services offers investment advisory services to retail investors. Our investment advisory services include: Asset Management Services and Financial Planning Services.

Asset Management Services: We provides asset management services which involves us managing and trading your designated account(s). We will discuss your investment goals and design a strategy to try and achieve your investment goals. As a standard part of our services, we will continuously monitor your account when providing asset management services and contact you at least annually to discuss your portfolio. We offer asset management services through both wrap fee programs and non-wrap fee programs. For more information, please see **Item 4** of our **Form ADV Part 2A**. Asset management services are provided on a **non-discretionary** basis, meaning we will be required to contact you prior to implementing any trades in your account. For more information about investment authority, please see **Item 16** of our **Form ADV Part 2A**.

Financial Planning Services: We also provide financial planning services. Financial planning services involve us creating a written financial plan for you which covers mutually agreed upon topics.

Limited Investment Offerings: We do not primarily recommend one type of security to clients. Instead, we recommend investment portfolios designed to be suitable for each client relative to that client's specific circumstances and needs. However, we are limited in investment selection in that we can only invest your account in securities which are available on your custodian/broker-dealer's platform. When providing you services, we do not recommend or offer advice on any proprietary products.

Account & Fee Minimums: We require a minimum of \$250,000 in order to open an account managed by us. To reach this account minimum, you can aggregate all household accounts. The minimum fee generally charged for financial planning services provided on an hourly basis is \$1,500.

Conversation Starters: *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What Fees Will I Pay?

Description of Principal Fees & Costs: Fees charged for our asset management services are charged based on a percentage of assets under management, billed in advance on a quarterly calendar basis, and calculated based on the fair market value of your account as of the first business day of the current billing period. The annual fee for asset management services will based upon a fee schedule which ranges between 0.25% and 1.00%. Because our fee is based upon the value of your account we have an incentive to recommend that you increase the level of assets in your account. We utilize wrap fee and non-wrap fee programs. Under a wrap fee program the fee you pay us covers both our advisory services and the transaction fees imposed by the broker-dealer. Under a non-wrap fee program you will be charged transaction costs separately. Since a wrap fee covers transaction expenses it tends to be higher than non-wrap fee programs. You will also be charged internal fees and expenses by the funds we invest in within your account. For more information about the fees we will charge you and expenses you may incur, please see **Item 4** of our **Form ADV Part 2A**.

Financial planning services are provided under an hourly fee arrangement. An hourly fee that will range from \$250 to \$1000 per hour for investment advisor representative and \$100 to \$175 per hour for clerical staff or Para Planners will be charged by us for financial planning services under this arrangement. You will pay in advance a mutually agreed upon retainer that will be available for us to bill hourly fees against for our financial planning services Any unpaid hourly fees are due immediately upon completion and delivery of the financial plan.

Any fees we charge for financial planning services will not cover the costs associated with implementing any recommendations we may make.

Additional Information: You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information about the fees we charge and the other fees and expenses you will incur, please see **Item 5 of Form ADV Part 2A**.

Conversation Starters: *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

***What Are Your Legal Obligations to Me When Acting as My Investment Adviser?
How Else Does Your Firm Make Money and What Conflicts of Interest Do You Have?***

Standard of Conduct: When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

When we provide asset management services, we will ask that you establish an account with National Financial Services to maintain custody of your assets and to effect trades for your account. Our recommendation to use National Financial Services is not based solely on your interest of receiving the best execution possible. We also recommend National Financial Services because they provide us with research, products and tools that help us manage and further develop our business operations. As a result, we do not have to pay for such benefits, which save us money; however, these arrangements create a conflict of interest. See **Item 12** of our **Form ADV Part 2A** for more information about our arrangements with National Financial Services. We actively manage our own personal accounts while at the same time managing your accounts and other client accounts. This creates different conflicts of interest for which we have developed procedures to mitigate and control for those conflicts. For more information see **Item 11 of Form ADV Part 2A**. Some of our investment adviser representatives also serve as insurance agents. Through their role as such they may sell, for commissions, various insurance products. We have a conflict of interest in recommending these products to you because of the potential for additional revenue.

Conversation Starters: *How might your conflicts of interest affect me, and how will you address them?*

Additional Information: For more information about our conflicts of interests and the ways we are compensated, please see **Item 5** and **Item 10** of our **Form ADV Part 2A**.

How Do Your Financial Professionals Make Money?

Description of Salary/Payment of IARs: We compensate our investment adviser representatives with a flat salary not dependent on the level of revenue they generate for the firm.

Our representatives also serve as licensed insurance agents. When acting in this capacity, the representative will receive commissions for selling insurance products. This creates a conflict of interest when the representative recommends you purchase insurance products through him or her. Our representatives also serve as registered representatives of Securities America, Inc., a securities broker-dealer. When acting in this separate capacity, the representative will receive commissions for selling securities which creates a conflict of interest.

Additional Information: For more information about these conflicts of interest, please see **Item 10** of our **Form ADV Part 2A**.

Do You or Your Financial Professionals Have Legal or Disciplinary History?

No, neither us, nor our investment adviser representatives have a legal or disciplinary history to report. You can look up more information about us and our investment adviser representatives at <https://www.investor.gov/CRS>.

Conversation Starters: *As a financial professional, do you have any disciplinary history? For what type of conduct?*

Additional Information About Fusco Financial Services

Additional information about us and copies of our Form ADV Part 2A disclosure brochure and this relationship summary are available on the Internet at www.fuscofinancial.sarep.com. You can also find our disclosure brochures and other information about us at <https://adviserinfo.sec.gov/firm/summary/106841>.
