

INTRODUCTION

Our firm, Arista Wealth Advisors, Ltd., is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

WHAT INVESTMENT SERVICES AND ADVICE CAN YOU PROVIDE ME?

We are a registered investment adviser that offers investment advisory services to retail investors for an ongoing asset-based fee. Our advisory services include Asset Management and Financial Planning & Consulting. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is regularly monitored, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We will offer advice to you on a regular basis and send quarterly portfolio reports. Financial Planning & Consulting can be offered as a standalone service for an additional flat or hourly fee. If this is the case, we do not monitor your investments for the Financial Planning & Consulting service.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. However, we will only do so in a manner that is consistent with your financial planning goals and Investment Policy Statement. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments.

Our firm generally requires a minimum account balance of \$250,000 to open and maintain an account for our Asset Management service. We may waive this minimum account balance due to client familial relationships, friends, certain instances where assets have dropped below the minimum or for clients who are expected to grow to the minimum or beyond.

Additional information about our advisory services is located in Item 4 of our Firm Brochure, which is available online at: <https://adviserinfo.sec.gov/firm/summary/107763>.

Questions to Ask Us: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

WHAT FEES WILL I PAY?

You will be charged an ongoing quarterly fee based on the value of the investments in your account. Our fee schedule ranges from 1.00% to 0.60% depending on the value of the investments in your account. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, our firm will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

Our maximum flat fee is \$10,000 and maximum hourly rate is \$375 for our Financial Planning & Consulting service. We typically charge on a monthly basis based on the time expended on the engagement.

The custodian that holds your assets may charge you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our Asset Management service.

You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees are located in Item 5 of our Firm Brochure, which is available online at: <https://adviserinfo.sec.gov/firm/summary/107763>.

Questions to Ask Us: Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN ACTING AS MY INVESTMENT ADVISER? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

Our financial professionals may be licensed attorneys with Burke & Casserly, P.C. If requested by you, legal services may be provided through Burke & Casserly, P.C. and are billed separately and confidentially through the law firm. This can be viewed as a potential conflict of interest and therefore it should be understood that you are not required to use the legal services offered by an attorney working for the firm.

Karin Lopez is a licensed insurance agent. As such, she may offer insurance products and receive customary fees as a result of insurance sales. A conflict of interest exists as these insurance sales create an incentive to recommend insurance products based on the compensation she may earn. Tim Casserly and Anthony Santoro are not licensed agents and do not receive any commissions from insurance products.

Additional information about our conflicts of interest is located in Item 10 of our Firm Brochure, which is available online at: <https://adviserinfo.sec.gov/firm/summary/107763>.

Questions to Ask Us: How might your conflicts of interest affect me, and how will you address them?

HOW DO YOUR FINANCIAL PROFESSIONALS MAKE MONEY?

Our financial professionals are non-commissioned and compensation is salary based.

DO YOU OR YOUR FINANCIAL PROFESSIONALS HAVE LEGAL OR DISCIPLINARY HISTORY?

No, our firm and financial professionals do not have any legal and disciplinary history to disclose. Visit www.investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Questions to Ask Us: As a financial professional, do you have any disciplinary history? For what type of conduct?

ADDITIONAL INFORMATION

You can find additional information about our firm's investment advisory services on the SEC's website at www.adviserinfo.sec.gov by searching CRD #107763. You may also contact our firm at (518) 452-3805 to request a copy of this relationship summary and other up-to-date information.

Questions to Ask Us: Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
