What investment services and advice can you provide me?

Our firm offers the following principal investment advisory services to retail investors, which we monitor continuously as part of our standard service:

- Portfolio management
- Buying and selling securities

Our firm provides investment discretion for the above listed services. If you invest on a discretionary basis, our firm will buy and sell investments in your accounts without requiring your pre-approval on an ongoing basis until you notify us in writing you wish to close your account with us.

Portfolio Management Services include the provision of continuous advice to a client or investing the client's account based on his/her particular circumstances. We offer Portfolio Management Services on a discretionary basis. When engaged on a discretionary basis, we will buy and sell investments in your account as appropriate without requiring a client's pre-approval on an ongoing basis. As part of our standard service, we monitor portfolio management services client accounts daily.

Our firm generally requires that a client invests a minimum of \$10 million to open an account and to maintain a minimum account of that size for accounts. If the account size falls below the minimum requirement due to market fluctuations only, a client will not be required to invest additional funds with the firm to meet the minimum account size. This minimum is negotiable, based on various factors.

Conversation Starters. *Ask your financial professional:*

- *Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

What fees will I pay?

Our fees can be assessed monthly and are disclosed in our Form ADV, Part 1A, Item 5.E. and more fully described in our Form ADV, Part 2A, Items 5.A., B., C., and D. Some fees create a conflict of interest described below and in more detail in our Firm's Form ADV, Part 2A.

- If our firm charges you asset-based fees, more assets in the account will cause you to pay more in fees, and therefore we may have an incentive to encourage you to increase the amount of money invested in those accounts.
- If our firm charges you performance-based fees, our firm is compensated for unrealized appreciation, and therefore there is an incentive to make riskier or more speculative investments.

Examples of the most common fees and costs applicable to you which are charged by unaffiliated third parties include custodian fees, account maintenance fees, and other transactional fees and product-level fees. Our firm does not receive any portion of these types of fees.

Additional Information:

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For more detailed information about our fees and costs, please review our Form ADV, Part 2A brochure (specifically Items 5.A., B., C., and D.) which can be found at <https://adviserinfo.sec.gov/firm/summary/109422>.

Conversation Starters. Ask your financial professional:

– Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- Our firm offers multiple fee arrangements, and therefore has incentive to favor accounts with higher fees.

Conversation Starters. Ask your financial professional:

– How might your conflicts of interest affect me, and how will you address them?

Additional information:

For more detailed information about our conflicts of interest, please review our Form ADV, Part 2A brochure which can be found at <https://adviserinfo.sec.gov/firm/summary/109422>.
