

### Introduction – Is an Investment Advisory Account Right for You?

DiNuzzo Private Wealth, Inc. d/b/a DiNuzzo Wealth Management, d/b/a DiNuzzo Family Office, and d/b/a DiNuzzo Emerging Wealth (DPW) is an investment advisor registered with the Securities and Exchange Commission. **DPW provides advisory accounts and services rather than brokerage accounts and services.** Since there are different ways you can get help with your investments, we feel it is important for you to understand how advisory and brokerage services and fees differ in order to carefully consider which types of accounts and services are right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS) which also provides educational materials about investment advisers, broker-dealers and investing.

### What types of investment services and advice can you provide me?

DPW offers its investment advisory services to retail investors for an *ongoing asset-based fee* based on the value of cash and investments managed in your account. Our advisory services include, but are not limited to, wealth management, financial planning, consultations on wealth transfer, estate planning, tax planning, insurance, retirement planning, education funding and charitable gifting. If you open an account with our firm, we will meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we will recommend a portfolio of investments that is regularly monitored, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We do not limit the scope of our investment advisor services to proprietary products or a limited group or type of investment.

Our firm requires a minimum account balance of \$1,000,000 for our DiNuzzo Wealth Management and DiNuzzo Family Office services, and \$10,000 minimum for our DiNuzzo Emerging Wealth service.

Our accounts are managed on a discretionary basis which means we don't need to consult you when buying or selling in your account. You will sign an investment advisory agreement giving us this authority. This agreement will remain in place until you or we terminate the relationship. *Additional information about our advisory services is located in Item 4 of our Firm Brochure which is available at <https://adviserinfo.sec.gov/firm/summary/112778>.*

#### Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

### What fees and costs will I pay? What additional costs should I expect?

You will be charged an *ongoing asset-based fee* that is calculated quarterly on the managed value of the investments in your account. Our annual DiNuzzo Wealth Management and DiNuzzo Family Office fee schedules range from 1.25% to 0.75% based on the services being provided and the value of the investments in your account; and our DiNuzzo Emerging Wealth is 0.80%.

Our firm's fees are automatically deducted from your account, which will reduce the value of your advisory account. The more assets you have in your advisory account, the more you will pay us for our services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage.

**Form CRS – Client Relationship Summary**

The broker-dealer (custodian) that holds your assets can charge you a transaction fee when we buy or sell an investment for you. The broker-dealer's transaction fees are in addition to our advisory fee for our investment advisory service.

You will pay fees whether you make or lose money on your investments. Fees and costs affect the value of your account over time. Please make sure you understand what fees and cost you are paying.

*Additional information about our fees is located in Item 5 of our Firm Brochure which is available at <https://adviserinfo.sec.gov/firm/summary/112778>.*

**Questions to Ask Us:**

- How do you determine what fee I will be charged?

**What are your legal obligations to me when acting as my investment adviser? How does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have a fiduciary duty to place your best interest ahead of our own and the firm, and we are held to this fiduciary standard throughout our entire investment advisory relationship with you. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means:*

- Our firm's financial professionals include licensed insurance agents who sell insurance products for a commission. They have an incentive to recommend insurance products to you.

**Questions to Ask Us:**

- How might your conflicts of interest affect me, and how will you address them?

*Additional information about our conflicts of interest can be found in our Firm Brochure under Item 10 which is available at <https://adviserinfo.sec.gov/firm/summary/112778>.*
