Item 1: Introduction

Aspen Capital Management is registered with the Securities and Exchange Commission as an Investment Adviser. Brokerage and investment advisory services and fees differ and it is important for you to understand the differences. The SEC offers free and simple tools to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/crs) which also provides information tailored to educate retail investors about broker-dealers, investment advisers, and investing..

Item 2: Relationships and Services

What investment services and advice can you provide me?

Our firm offers the following principal investment advisory services to retail investors.

Our firm offers non-discretionary services listed below, which means that you make the ultimate decision regarding the purchase or sale of investments.

- Financial planning—monitored semi-annually as part of our standard service.
- Retirement planning—monitored semi-annually as part of our standard service.
- Portfolio management—monitored continuously as part of our standard service.
- Buying and selling securities—monitored continuously as part of our standard service.
- Investment recommendations—monitored continuously as part of our standard service.
- Personal investment strategies—monitored continuously as part of our standard service.

We do not make available or offer advice only with respect to proprietary products or a limited menu of products or types of investments. In order to establish an advisory relationship, we do not require a minimum investment amount but do charge a minimum annual fee of \$5,000.

For additional information including minimum investment amounts, please see <https://www.adviserinfo.sec.gov/IAPD/default.aspx> for our Form ADV, 2A brochure (Items 5 and 7 of Part 2A).

Conversation starters. Ask your financial professional:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

Item 3: Fees, Costs, Conflicts and Standard of Conflict

A. What fees will I pay?

Our fees will be assessed quarterly and are disclosed in our Form ADV Part 1A, Item 5.E. and more fully described in our Form ADV Part 2A, Items 5.A., B., C., and D. Some fees create a conflict of interest described below and in more detail in our Firm's Part 2A.

- When our firm charges you asset-based fees, more assets in the account will cause you to pay more in fees and therefore we may have an incentive to encourage you to increase the amount of money invested in those accounts.

There are no other direct fees or costs related to our services. However, transaction fees are charged by the custodian with the purchase or sale of some securities. In addition, asset managers charge an expense ratio fee for

the management fees of mutual funds and ETFs. Aspen Capital Management doesn't share in any revenue from transaction fees or expense ratios.

Additional Information:

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For more detailed information about our fees and costs please review our Form ADV, Part 2A brochure (specifically Items 5.A., B., C., and D.) which can be found at <https://www.adviserinfo.sec.gov/IAPD/default.aspx>.

Conversation starters. Ask your financial professional:

– Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

B. What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here is an example to help you understand what this means.

- Our firm makes money by offering services to you that we in turn earn money on and therefore have an incentive to sell these services to you.

Conversation starters. Ask your financial professional:

– How might your conflicts of interest affect me, and how will you address them?

Additional information:

For more detailed information about our fees and costs please review our Form ADV, Part 2A brochure (specifically Items 5.A., B., C., and D.) which can be found at <https://www.adviserinfo.sec.gov/IAPD/default.aspx>.

c. How do your financial professionals make money?

- We pay our professionals in many ways including cash in the form of a base salary and bonus and therefore they have the opportunity to earn more when opening more accounts, increasing assets and investing in riskier investments to increase their overall performance.
- Our professionals are compensated based on the amount of assets they service and therefore earn higher compensation for investing more of your money.
- Principals of the firm receive any residual profits of the firm.

Item 4: Disciplinary History

Do you or your financial professionals have legal or disciplinary history?

Our firm has no legal or disciplinary history. None of our firm's financial professionals have any legal or disciplinary history. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Conversation Starters. Ask your financial professional:

– As a financial professional, do you have any disciplinary history? For what type of conduct?
