

EisnerAmper Wealth Management & Corporate Benefits, LLC (“we”, “us” or “our”) is registered with the U.S. Securities Exchange Commission (“SEC”) as an investment adviser. Investment advisory services and compensation structures differ from that of a registered broker-dealer, and it is important that you understand the differences.

Free and simple tools are available to research firms and financial professionals at [www.Investor.gov/CRS](http://www.Investor.gov/CRS). The site also provides educational materials about broker-dealers, investment advisers and investing.

### **What investment services and advice can you provide me?**

We provide investment advisory services, including discretionary and non-discretionary investment management and financial planning to individuals, trusts and estates (our “retail investors”).

When a retail investor engages us to provide investment management services we shall monitor, on a continuous basis, the investments in the accounts over which we have authority as part of our investment management service. Furthermore, when engaged on a discretionary basis we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. Our authority over your account(s) shall continue until our engagement is terminated.

We offer financial planning and investment management services as part of our typical engagement. However, we also may be engaged to provide investment management or financial planning services on a separate fee basis. When we provide financial planning, we rely upon the information provided by the client for our financial analysis and do not verify any such information while providing this service.

We do not limit the scope of our investment advisor services to proprietary products or a limited group or type of investment.

**Additional Information:** For more detailed information about our *Advisory Business* and the *Types of Clients* we generally service, please See Items 4 and 7, respectively in our ADV Part 2A.

### **Conversation Starter:**

- *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- *How will you choose investments to recommend to me?*
- *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

### **What Fees will I pay?**

When engaged to provide planning and investment management services, we shall charge a fee calculated as a percentage of your assets under our management (our “AUM Fee”). Our annual AUM Fee is negotiable but generally does not exceed 1.50%. However, we generally require an annual minimum fee of \$5,000 for our planning and investment management services. When are engaged to provide financial planning on a stand-alone basis we may be engaged on a flat fee basis or an hourly basis, with hourly fees ranging from \$100 to \$550. We generally require a minimum fee of \$5,000 for our financial planning services.

Furthermore, those clients who choose to engage our services through the EisnerAmeper Automated Portfolio Strategy, must have \$5,000 in their account.

We typically deduct our AUM Fee from one or more of your accounts, in advance, on a quarterly basis. Because our AUM Fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account, the more you will pay us for our investment management services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage.

**Other Fees and Costs:** Your investment assets will be held with a qualified custodian. Custodians generally charge brokerage commissions and/or transaction fees for effecting certain securities transactions. In addition, relative to all mutual fund and exchange traded fund purchases, certain charges will be imposed at the fund level (e.g., management fees and other fund expenses).

You will pay certain fees and costs whether you make or lose money on your investments. Fees and costs will reduce

A copy of our Part 2A is available at: [ADV Part 2A](#)

any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

**Additional Information:** For more detailed information about our fees and costs related to our management of your account, please See Item 5 in our ADV Part 2A.

**Conversation Starter:**

- *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. As an example, a number of our financial professionals are also registered representatives of DAI Securities, LLC (“DAI”), an SEC registered broker-dealer. Therefore, your financial professional may offer you brokerage services through DAI or investment advisory services through us. Brokerage services and investment advisory services are different, and the fees we, and DAI, charge for those services are different. It is important that you understand the differences. Your financial professional may earn transaction-based compensation and have additional conflicts of interest as a result of providing brokerage services through DAI.

Our financial professionals generally only recommend investment advisory services to our clients and generally use DAI for, smaller accounts, in-kind transfers from new clients, and/or legacy business.

**Conversation Starter:**

- *How might your conflicts of interest affect me, and how will you address them?*

**Additional Information:** For more detailed information about our conflicts of interest, please review our ADV Part 2A.

**How do your financial professionals make money?**

Our financial professionals are generally compensated on a salary basis. However, certain of our financial professionals, based upon their individual professional ability, may receive a performance bonus from time-to-time. You should discuss your financial professional’s compensation directly with your financial professional.

**Do you or your financial professionals have legal or disciplinary history?**

No. We encourage you to visit [www.Investor.gov/CRS](http://www.Investor.gov/CRS) to research our firm and our financial professionals.

Furthermore, we encourage you to ask your financial professional: *As a financial professional, do you have any disciplinary history? If so, for what type of conduct?*

Additional information about our firm is available on the SEC’s website at [www.adviserinfo.sec.gov](http://www.adviserinfo.sec.gov). You may contact our Chief Compliance Officer at any time to request a current copy of our ADV Part 2 or our *relationship summary*. Our Chief Compliance Officer may be reached by phone: (908) 429-0025.

**Conversation Starters:**

- *Who is my primary contact person?*
- *Is he or she a representative of an investment adviser or broker-dealer?*
- *Who can I talk to if I have concerns about how this person is treating me?*
