

## Item 1 – Introduction

Market Street Wealth Management Advisors, LLC (“we”, “us” or “our”) is registered with the U.S. Securities Exchange Commission (“SEC”) as an investment adviser. Investment advisory services and compensation structures differ from that of a registered broker-dealer, and it is important that you understand the differences. Free and simple tools are available to research firms and financial professionals at [www.Investor.gov/CRS](http://www.Investor.gov/CRS). The site also provides educational materials about broker-dealers, investment advisers and investing.

## Item 2 – Relationships and Services

### What investment services and advice can you provide me?

We provide investment advisory services, including discretionary investment management and financial planning services to individuals, trusts and estates (our “retail investors”).

When a retail investor engages us to provide investment management services, we shall monitor, on a continuous basis (no less than quarterly), the investments in the accounts over which we have authority as part of our investment management service. Furthermore, when engaged on a discretionary basis, we shall have the authority, without prior consultation with you (unless you impose restrictions on our discretionary authority), to buy, sell, trade and allocate the investments within your account(s) consistent with your investment objectives. Our discretionary authority over your account(s) shall continue until our engagement is terminated. We offer investment management and financial planning services as part of our standard investment advisory engagement. When we provide financial planning services, we rely upon the information provided by the client for our financial analysis and do not verify any such information while providing this service. We also offer our Foundations program, including discretionary management and limited financial planning, to clients with less than \$250,000 in investible assets. We do not limit the scope of our investment advisor services to proprietary products or a limited group or type of investment.

**Additional Information:** For more detailed information about our *Advisory Business* and the *Types of Clients* we generally service, please See Items 4 and 7, respectively in our ADV Part 2A.

*Given my financial situation, should I choose an investment advisory service? Why or why not?*

*How will you choose investments to recommend to me?*

*What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

## Item 3 – Fees, Costs, Conflicts, and Standard of Conduct

### What Fees will I pay?

We provide our investment advisory services on a fee basis. When engaged to provide investment management services, we shall charge a fee calculated as a percentage of your assets under our management (our “AUM Fee”). Our annual AUM Fee is negotiable, but generally ranges to 0.35 to 1.45%. While we do not require a minimum asset level to provide investment management services to you, our minimum annual fee is \$3600. Clients with less than \$250,000 under our management could pay a slightly higher fee. Foundation accounts are billed on a graduated fee schedule starting at \$1,500 for the first year and increasing each of the following 4 years. We typically deduct our AUM Fee from one or more of your accounts, in arrears, on a quarterly basis based upon value of the asset on the last business day of the previous quarter. Because our AUM Fee is calculated as a percentage of your assets under management, the more assets you have in your advisory account, the more you will pay us for our investment management services. Therefore, we have an incentive to encourage you to increase the assets maintained in accounts we manage.

We offer our Financial Planning services on a stand-alone fixed fee basis, based upon the complexity and nature of services to be performed. Our fee for any subsequent work shall be agreed to prior to commencing

the engagement.

**Other Fees and Costs:** Your investment assets will be held with a qualified custodian. Custodians generally charge brokerage commissions and/or transaction fees for effecting certain securities transactions. In addition, relative to all mutual fund and fixed income security transaction fees, certain charges will be imposed at the fund level (e.g. management fees and other fund expenses). Clients who participate in our Vanguard Personalized Indexing Program will pay an additional fee directly to Vanguard. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

**Additional Information:** For more detailed information about our fees and costs related to our management of your account, please See Item 5 in our ADV Part 2A.

*Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

### **What are your legal obligations to me when acting as my investment adviser?**

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. As an example, we may recommend a particular custodian to custody your assets, and we may receive support services from that same custodian, certain of which assist us to better monitor and service your account while a portion may be for the benefit of our firm. We may also recommend that you roll over your retirement plan assets into an account managed by us and which we may earn new or, an increase in current compensation as a result of the rollover.

*How might your conflicts of interest affect me, and how will you address them?*

**Additional Information:** For more detailed information about our conflicts of interest, please review our ADV Part 2A.

### **How do your financial professionals make money?**

Our financial professionals are compensated on a salary basis and a discretionary bonus tied to obtaining new firm clients. Also, certain of our financial professionals, based upon their ownership interest in our firm, will receive a profit distribution. Thus, our advisers are incentivized to increase the amount of assets that we manage. You should discuss your financial professional's compensation directly with your financial professional.

### **Item 4 – Disciplinary History**

#### **Do you or your financial professionals have legal or disciplinary history?**

No. We encourage you to visit [www.Investor.gov/CRS](http://www.Investor.gov/CRS) to research our firm and our financial professionals. Furthermore, we encourage you to ask your financial professional to inquire about us:

*As a financial professional, do you have any disciplinary history? If so, for what type of conduct?*

### **Item 5 – Additional Information**
