

## Persium Advisors, LLC

Form CRS Relationship Summary March 29, 2022

Introduction	Persium Advisors, LLC is registered with the Securities and Exchange Commission (SEC) as
	an investment adviser. Brokerage and investment advisory services and fees differ. It is
	important for you to understand the differences. Free and simple tools are available to research
	firms and financial professionals at <u>www.investor.gov/CRS</u> , which also provides educational
	materials about broker-dealers, investment advisers and investing.

	advisory services are offered on both a discretionary and non-discretionary basis. If you
	provide written authorization for us to trade on a discretionary basis, we do not need advance
	approval from you to determine the type and amount of securities to be bought/sold for your
	account(s). If you elect to have your account managed on a non-discretionary basis, we must
	have your approval to execute each transaction. We generally require a minimum investment
	of \$250,000 to open an advisory account but reserve the right to waive this minimum when we
	deem appropriate.
	For additional information, please refer to our Form ADV Part 2A "Types of Clients," "Review of
	Accounts," and "Investment Discretion." This is available upon request at no charge.
	Conversation starters. Ask your financial professional –
	• Given my financial situation, should I choose an investment advisory service? Why or why not?
	How will you choose investments to recommend to me?
	What is your relevant experience, including your licenses, education and other
	qualifications? What do these qualifications mean?

- P j .	the range of fees that will be charged is included in our Form ADV Part 2A. This creates a
	conflict of interest in that the more assets there are in your advisory account, the more you will
	pay in fees; and we may therefore have an incentive to encourage you to increase the assets in
	your account. Fees are charged on a quarterly basis and based upon the market value of the
	account on the last day of the quarter. You should be aware that you will pay additional fees
	that are charged by the executing broker-dealer. These fees include transaction and execution
	fees.
	Other fees and costs associated with your advisory services and investment might include
	custodian fees, account maintenance fees, fees related to mutual funds, and other
	transactional and product level fees.

	When assets are not held under our management for investment consulting services fees are negotiable flat fees and vary depending upon the complexity of your situation and services to be provided. Investment consulting services are payable quarterly in advance. A detailed discussion of fees that will be charged is included in our Form ADV Part 2A.
	You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.
	For additional information, please review our Form ADV Part 2A, Section "Fees and Compensation." A copy of Form ADV Part 2A will be provided free of charge upon request.
	Conversation starter. Ask your financial professional –
	<ul> <li>Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?</li> </ul>
