

Item 1 – Date of Brochure as Last Revised: June 25, 2026

Our firm is a Registered Investment Adviser with the Securities and Exchange Commission. Brokerage and investment advisory services and fees differ and it is important for you to understand the differences. Additional free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

Item 2 – What investment services and advice can you provide me?

We provide investment advisory and financial planning services to retail investors. Services are based on the individual needs of the client. An initial interview and data gathering questionnaire is undertaken to determine the client's financial situation and investment objectives. With this information, our financial professionals use their knowledge of clients, financial products and strategies, regulations, and the economy to determine appropriate recommendations to work towards attaining your goals and objectives. Recommendations are then presented along with determining an execution strategy. Ongoing support is provided for execution and periodic meetings and communications are conducted to review life or goal changes, investment performance, and adjust your financial strategies as necessary.

As a part of our standard service, we monitor client portfolios as part of an ongoing process with regular account reviews. Our financial professionals are responsible for reviewing the individual portfolios, investment objectives, strategies, and restrictions (if any) for their respective clients. Reviews may be triggered by material market, economic or political events, or by changes in client's financial situations (such as retirement, termination of employment, physical move, or inheritance).

Clients typically give us discretionary authority to determine the securities to be bought or sold. In all cases, however, such authority is exercised in a manner consistent with the stated investment objectives for the particular account. Clients sign a limited power of attorney and may also choose to restrict our ability to have full discretionary authority and impose reasonable account restrictions. When clients limit our discretionary authority, they will make the ultimate decision regarding the purchase or sale of investments. We do not impose any minimum account or relationship size requirements, but we do impose a minimum for advisory fees charged to clients each quarter (as described in Item 3 below).

For more detailed information about our services and fees, please feel free to request a copy of the firm's disclosure Form ADV, Part 2A brochure. This brochure can also be found at the following public site: <https://adviserinfo.sec.gov/> (Select "Firm" and indicate our CRD number: 133181)

Conversation Starters – We encourage you to ask our financial professionals these key questions:

- ***Given my financial situation, should I choose an investment advisory service? Why or why not?***
- ***How will you choose investments to recommend to me?***
- ***What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?***

Item 3 – What fees will I pay?

We charge advisory fees for our investment advisory and financial planning services. Our advisory fees vary from \$2,000 - \$30,000 per quarter by client depending on the total asset size and complexity of financial situation and needs. A minimum advisory fee of \$2,000 per quarter and maximum of \$30,000 per quarter applies. Our fees and minimums are negotiable at our sole discretion.

Our fees are exclusive of brokerage commissions, transaction fees, and other account related costs and expenses which may be charged by the qualified custodian maintaining your investment account as well as fees and expenses charged by investment products/managers (e.g. exchange traded funds, mutual funds, third party money managers, etc.) utilized as part of your investment strategy. You are responsible for such charges, fees, and expenses which are exclusive of and in addition to our fee. Please note, that we do not receive any portion of these costs.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand

what fees and costs you are paying. For more detailed information about our fees and costs, please refer to our firm's disclosure Form ADV, Part 2A brochure.

Conversation Starters – We encourage you to ask our financial professionals these key questions:

- ***Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?***

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

We are “fee-only” meaning that our only source of income comes from fees we charge to our clients and that we do not receive or accept payments or commissions from any third parties. We do not utilize any proprietary products, principal trading, or revenue sharing. We do not receive third-party research, technology services, and other benefits at no charge to us from custodians holding your assets.

More detailed information can be found in our firm's disclosure Form ADV, Part 2A brochure.

Conversation Starters – We encourage you to ask our financial professionals these key questions:

- ***How might your conflicts of interest affect me, and how will you address them?***

How do your financial professionals make money?

As described above, compensation for our financial professionals is based on the fee revenue generated from the advisory services they provide. They have an incentive to increase the number of clients they serve and the complexity of clients' financial planning needs that advisory fees are based upon.

Item 4 – Do you or your financial professionals have legal or disciplinary history?

No. [Investor.gov/CRS](https://www.investor.gov/crs) has a free and simple search tool to research financial professionals.

Conversation Starters – We encourage you to ask our financial professionals these key questions:

- ***As a financial professional, do you have any disciplinary history? For what type of conduct?***

Item 5 – Additional Information

For more detailed information about us, please request a copy of our Form ADV, Part 2A brochure. Please contact (952) 470-0750 to request up-to-date information and the most current copy of this Form CRS. Alternatively, you may visit our website at www.colleenweber.com.

Conversation Starters – We encourage you to ask our financial professionals these key questions:

- ***Who is my primary contact person?***
- ***Is he or she a representative of an investment adviser or a broker-dealer?***
- ***Who can I talk to if I have concerns about how this person is treating me?***
