ADV Part 3 - FORM CRS

Traynor Capital Management is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Portfolio Management Services(which includes Financial Planning); Business Funding Consulting; and Retirement Plan/Corporate Consulting Services.**

Account Monitoring: If you open an investment account with our firm, as part of our standard service we will monitor your investments on at least a quarterly basis.

Investment Authority: We manage investment accounts on a discretionary basis whereby we will decide which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing. We also offer non-discretionary investment management services whereby we will provide advice, but you will ultimately decide which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: While we provide advice on various types of investments and our services are not limited to a specific type of investment or product, we primarily provide advise on the following types of investments or products: equity securities, corporate debt securities (other than commercial paper), certificates of deposit, municipal securities, options contracts on securities, money market funds, ETFs and inverse ETFs.

Account Minimums and Requirements: In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively.

For a description of our service, fees and other disclosures, refer to our Form ADV Part 2A Disclosure Brochure Items 4, 5, 7, 8, 13 and 16 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/138881>.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services.

- **Asset Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- Clients may also pay additional fees and/or expenses. Common fees and costs applicable to our clients are: mutual fund and ETF fees; Transaction charges when purchasing or selling securities; and other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For detailed information, refer to our Form ADV Part 2A, Items 5 and 6 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/138881>.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- Because our revenue is derived from asset-based fees, we have an incentive to grow your account as much as possible. This could cause us to take overly aggressive positions in conflict with your interests in an attempt to grow your account, or could incentivize us to inflate the valuations of illiquid investments held in your account.

Key Questions to Ask Your Financial Professional

- **How might your conflicts of interest affect me, and how will you address them?**

Refer to our Form ADV Part 2A Items 4, 5, 11, 12, 14, 17 and 20 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/138881> to help you understand what conflicts exist.

How do your financial professionals make money?

The financial professionals servicing your account(s) are compensated based upon a salary, the amount of client assets they service and the revenue the firm earns from the person's services or recommendations. .

Do you or your financial professionals have legal or disciplinary history?

Yes, our firm or our financial professionals currently have legal or disciplinary history to disclose. These events are disclosed in either our Form ADV or the specific individual's Form U4. These documents can be found by going to Investor.gov/CRS.

Key Questions to Ask Your Financial Professional

- **As a financial professional, do you have any disciplinary history? For what type of conduct?**
