

## Client Relationship Summary – Form CRS

### Is An Investment Advisory Account Right For You?

There are different ways you can get help with your investments. You should carefully consider which types of accounts and services are right for you.

### Item 1. Introduction

CPR Investments Inc. ("CPR") is an investment advisor and provides advisory services for a fee rather than for brokerage commissions. CPR objective is to use sub-advisors to tactically manage accounts on a day-to-day basis to create opportunities for return by investing in areas of market strength. As a retail investor, it is important to understand the differences between services and fees of an investment advisor and a broker-dealer. *Investor.gov/CRS* offers free and simple tools to research firms and financial professionals. Additionally, it also provides educational materials about broker-dealers, investment advisors, and investing.

### Item 2. Relationships and Services

#### *What investment services and advice can you provide me?*

We offer the following investment advisory services to you:

**Asset Management:** We will offer you advice on a regular basis. We will discuss your investment goals, design with you a strategy to achieve your investment goals, and regularly monitor your account. We will monitor your account on a discretionary basis (we can buy and sell investments in your account without asking you in advance). We do not limit advisors to proprietary products or a limited menu of products and types of investments. This service will continue pursuant to the terms of the executed Advisory Agreement. We do not have a minimum to open an account.

If deemed appropriate, we may hire a Sub-Advisor to manage a portion of, or your entire account. In these circumstances, we will continue to monitor the activity of the sub-advisor to ensure they are the best fit for your needs.

**Financial Planning:** Services will be provided to you based on your selection on the Advisory Agreement and may include, but are not limited to, a review of investment accounts, including reviewing asset allocation and providing repositioning recommendations; strategic tax planning; a review of retirement accounts and plans that have recommendations; a review of insurance policies and recommendations for changes, if necessary; one or more retirement scenarios; estate planning review and recommendations; and education planning with funding recommendations. Services will be considered complete upon delivery of the plan.

**Solicitor Services:** We solicit the services of Third-Party Money Manager(s) ("TPM") to manage your account(s). We act as the liaison between you and the TPM in return for an ongoing portion of the advisor fees charged by the TPM. We help you complete the necessary paperwork of the TPM, provide ongoing services to you, and will provide the TPM with any changes in your status as you provide them to us. We will deliver the Form ADV Part 2, Privacy Notice and Solicitors Disclosure Statement of the TPM. We do not have discretion on these accounts.

**ERISA Services:** We serve as a limited scope ERISA 3(21) Fiduciary that can advise, help and assist plan sponsors with their investment decisions on a non-discretionary basis. Plans are monitored on an ongoing basis. We have a fiduciary duty to act in the best interest of the Client. The plan sponsor is still ultimately responsible for the decisions made in their plan, though using us can help the plan sponsor delegate liability by following a diligent process.

#### **Additional Information**

For more information about our services, we recommended reading our ADV Part 2A Items 4, 5, 10.

#### **Conversation Starter**

"Given my financial situation, should I choose an investment advisory service? Why or why not?"

"How will you choose investments to recommend to me?"

"What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?"

### Item 3. Fees, Costs, Conflicts and Standard of Conduct

#### *What fees will I pay?*

We are paid for our services as follows:

**Asset Management:** The amount paid to our firm which pays for the sub-advisors to tactically manage the accounts and your financial professional generally does not vary based on the type of investments selected on your behalf. The asset-based fee reduces the value of your account and will be generally deducted from your account. Some investments (such as mutual funds and variable annuities) impose additional fees that will reduce the value of your investment over time. Also, with certain investments such as variable annuities, you may have to pay fees such as "surrender charges" to sell the investment. Fees are billed quarterly in arrears. Our fees vary and are not negotiable inside models held at Axos Advisor Services and Nationwide Advisory Services. Other asset management services are negotiable depending on the selection of service, size and complexity. Generally, the more assets you have in the advisory account, the more you will pay in total fees. We therefore have an incentive to increase the assets in your account in order to increase our fees. You will also pay fees to a broker-dealer or bank that will hold your assets (called "custody"). You pay our advisory fee even if there were not transactions within the account.

# Client Relationship Summary – Form CRS

**Financial Planning:** Financial planning services are billed either at a negotiable fixed fee or hourly rate.

**Solicitor Services:** Our firm and our associated persons may be paid a portion of the fees charged and collected by the TPM in the form of solicitor fees or consulting fees. Our fees are non-negotiable. This situation creates a conflict of interest because we may select a TPM who would pay us a larger percentage of the fee. This conflict is mitigated by our fiduciary duty and adherence to our code of ethics. When referring clients to a TPM, the client's best interest will be the main determining factor.

**ERISA Services:** The amount paid to our firm and your financial professional generally does not vary based on the type of investments selected on your behalf. The asset-based fee reduces the value of your account and will be generally deducted from your account. Our fees vary and are negotiable. Generally, the more assets you have in the advisory account, the more you will pay in total fees. We therefore have an incentive to increase the assets in your account in order to increase our fees. You will also pay fees to a broker-dealer or bank that will hold your assets (called "custody"). You pay our advisory fee even if there were not transactions within the account.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more information regarding our fees and costs, review ADV Part 2A Item 5.

## **Conversation Starter**

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

***What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?***

***When we act as your investment adviser,*** we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

**Revenue Sharing:** We have an arrangement where we share in a portion of the management fee with TPM. This does not change the cost to you, it is a sharing arrangement paid from the TPM's portion of the advisory fee. The TPM will pay us a percentage of the net billing. This situation creates a conflict of interest because we may select a TPM who would pay us a larger percentage of the fee. This conflict is mitigated by our fiduciary duty and adherence to our code of ethics. When referring clients to a TPM, the client's best interest will be the main determining factor.

**Commissions:** Our associated persons may receive commissions from the sale of insurance and/or securities products. This conflict is mitigated by our fiduciary duty and adherence to our code of ethics. When referring clients to purchase insurance, the client's best interest will be the main determining factor.

**Referrals:** We receive client referrals from third parties to whom we pay referral fees. This is a conflict of interest because we have an incentive to pay referral fees so that the third parties will refer clients to us that they otherwise might not refer to us.

## **Conversation Starter**

How might your conflicts of interest affect me, and how will you address them?

## **Additional Information**

For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

### ***How do your financial professionals make money?***

Our financial services professionals are compensated on a percentage of assets they manage, hourly or fixed fees, sales commissions and discretionary bonuses based on firm profits.

This is a conflict of interest because our financial professionals have an incentive to encourage you to increase your assets in your accounts, recommend our advisory services to you, and recommend you purchase investments that result in additional compensation to them. For more information about our conflicts of interest, we recommend reading our ADV Part 2A, Items 4 and 10.

## **Item 4. Disciplinary History**

***Do you or your financial professionals have legal or disciplinary history?***

Yes, please visit [Investor.gov/CRS](http://Investor.gov/CRS) for a free and simple search tool to research CPR and our financial professionals.

## **Conversation Starter**

As a financial professional, do you have any disciplinary history? For what type of conduct?

## **Item 5. Additional Information**

To find additional information about CPR and to request a copy of the *relationship summary*, please go to [www.cprinvestmentsinc.com](http://www.cprinvestmentsinc.com) or send us an email at [Charles.reinhold@cprinvestments.com](mailto:Charles.reinhold@cprinvestments.com). If you would like to request up-to-date information as well as to request a copy of the relationship summary, please contact via phone at 800-213-1164.

## **Conversation Starter**

Who is my primary contact person? Is he or she a representative of an investment advisor or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
