## Global AutoTrading

Form CRS Customer Relationship Summary, February 24, 2025

Introduction	Global AutoTrading is registered with the Securities and Exchange Commission
	(SEC) as an investment adviser. Brokerage and investment advisory services and
	fees differ and it is important for you to understand these differences. Free and
	simple tools are available to research firms and financial professionals at
	Investor.gov/CRS, which also provides educational materials about broker-
	dealers, investment adviser, and investing.

provide me?	trade in their brokerage account held with a broker that is compatible with our
	autotrading system. We do not have account minimums, but brokers may have
	their own account minimums. Once a client has configured their autotrading
	parameters, Global AutoTrading will automatically implement & monitor
	newsletter buy & sell instructions without further confirmation from the client.
	Clients can adjust their parameters at any time to control future orders. For
	additional information, please see our Form ADV, Part 2A brochure.
	Conversation Starters. Ask us—
	Given my financial situation, should I use an autotrading service or
	investment advisory service? Why or why not?
	How will you choose investments to recommend to me?
	What is your relevant experience, including your licenses, education and
	other qualifications? What do these qualifications mean?
What fees will I	We charge a monthly fee per account based on the number of newsletters being
pay?	autotraded in the account, as well as the net liquidity of the account for accounts
	larger than \$100k. One newsletter costs \$70 per month; a second newsletter
	costs an additional \$30 per month; and each subsequent newsletter costs an
	additional \$10 per month. For accounts larger than \$100k, the high-water mark
	of the funds in use for trading for the month is divided by \$100k to come up with
	a scaling factor that is multiplied by the fee computed above. Thus, an account
	that has \$150k invested in a given month and that is autotrading a single
	newsletter would pay \$70 x 1.5 = \$105 per month. These fees are non-negotiable
	and are payable monthly at the beginning of the billing period. These fees will be
	taken from a credit card, PayPal account or transferred from the client's
	brokerage account to Global AutoTrading's account. These fees are non-
	refundable. If a subscription to Global AutoTrading's autotrading service is
	terminated with at least 1 day prior to the next billing date, there will be no
	further subscription charges to the client, but there will be no refund for the
	remainder of the period of the subscription.
	You will also incur brokerage and other transaction costs that are charged
	directly by the broker, as well as any newsletter subscription fees.
	You will pay fees and costs whether you make or lose money on your
	investments. Fees and costs will reduce any amount of money you
	make on your investments over time. Please make sure you understand
	what fees and costs you are paying.

	For additional information, please see Form ADV, Part 2A brochure.
	Conversation Starter. Ask us—
	Help me understand how these fees and costs might affect my
	investments. If my brokerage account has \$10,000 to invest, how much will go
	to fees and costs, and how much will be invested for me?
