

**Introduction**

Our firm, Carey Wealth Management, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

**What investment services and advice can you provide me?**

We are a registered investment adviser that offers investment advisory services, including Comprehensive Portfolio Management, Wrap Comprehensive Portfolio Management and Financial Planning & Consulting, to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least quarterly and if necessary, rebalanced to meet your changing needs and goals. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm. Our firm requires a minimum account balance of \$1,000,000 for new clients in our Wrap Comprehensive Portfolio Management service.

Financial Planning & Consulting is included in our Comprehensive Portfolio Management and Wrap Comprehensive Portfolio Management services for no additional fee. Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

*Additional information about our advisory services is in Item 4 of our Firm Brochure and Item 5 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/173885>.*

**Questions to Ask Us:**

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

**What fees will I pay?**

You will be charged an ongoing quarterly fee based on the value of the assets in your account on the last day of the previous quarter. Our maximum comprehensive portfolio management and wrap comprehensive portfolio management fee annual fee is 1.25%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. However our annual fee percentage is lower as the assets in your advisory account increase. Please see your portfolio management agreement for a breakdown. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, we will agree to send you invoices rather than automatically deduct our firm's fees from your advisory account.

Our maximum flat fee is \$10,000 and/or maximum hourly rate is \$350 for our Financial Planning & Consulting service. We charge an upfront retainer when you sign an agreement for this service.

The custodian that holds your assets charges you a transaction fee when we buy or sell an investment for you. The custodian's transaction fees are in addition to our firm's fees for our Comprehensive Portfolio Management service. We pay the custodian's transaction fees charged to you for our Wrap Comprehensive Portfolio Management service. The fees for wrap fee programs are therefore higher than a typical asset-based advisory fee. You may also pay charges imposed by the custodian holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition,

you may have to pay fees such as “surrender charges” to sell certain illiquid securities. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure and Item 4 of our Wrap Brochure, which is/are available online at <https://adviserinfo.sec.gov/firm/summary/173885>.*

### Questions to Ask Us:

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

### What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:*

Some of our firm’s financial professionals are registered representatives of APW Capital Inc. (“APW”), an unaffiliated broker-dealer and licensed insurance agents. Your financial professional may offer you brokerage services through APW or advisory services through our firm. Brokerage, insurance, and advisory services are different, and the fees our firm and APW charge for those services are different. Brokerage and insurance products charge a transaction-based commission each time they are bought or sold. As a result, they create an incentive to trade as much as possible in order to increase their compensation. You can learn more about APW’s brokerage services and fees at [https://files.brokercheck.finra.org/crs\\_43814.pdf](https://files.brokercheck.finra.org/crs_43814.pdf).

For our wrap service, we pay the custodian’s transaction fees charged to you except for U.S. listed equities and exchange traded funds, which do not have transaction fees. As a result, we have an incentive to recommend these asset types without transaction fees in order to reduce the amount of the custodian’s transaction fees that we will have to pay on your behalf.

*Additional information about our conflicts of interest is in Item 10 of our Firm Brochure and Item 9 of our Wrap Brochure, which is/are available online at <https://adviserinfo.sec.gov/firm/summary/173885>.*
