

**Introduction**

Our firm, Hurlow Wealth Management Group, Inc., is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

**What investment services and advice can you provide me?**

We are a registered investment adviser that offers investment advisory services to clients. Our advisory services include Asset Management, Comprehensive Portfolio Management, and Financial Planning & Consulting. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance ("discretion") or buy and sell investments in your account only after receiving your permission ("non-discretion"). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments.

Our firm requires a minimum account balance of \$500,000 to open and maintain an account for our Comprehensive Portfolio Management, service. Financial Planning and Consulting as well as Asset Management services are reserved for clients with less than \$500,000 managed by our firm.

Financial Planning & Consulting is included in our Comprehensive Portfolio Management. Financial Planning & Consulting is also offered as a separate service for a flat or hourly fee. We do not monitor your investments for the Financial Planning & Consulting service.

*Additional information about our advisory services is in Item 4 of our Firm Brochure which is available online at: [https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd\\_iapd\\_Brochure.aspx?BRCHR\\_VRSN\\_ID=618521](https://files.adviserinfo.sec.gov/IAPD/Content/Common/crd_iapd_Brochure.aspx?BRCHR_VRSN_ID=618521)*

**Questions to Ask Us:**

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

**What fees will I pay?**

You will be charged an ongoing monthly fee based on the value of the investments in your account. Our maximum fee for both Asset Management and Comprehensive Portfolio Management does not exceed 1% of Assets Under Management. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

Our maximum flat fee is \$15,000 and our maximum hourly rate is \$350 for our Financial Planning & Consulting service. Our fee for Financial Planning and Consulting services are due upon engagement or on a pro-rata monthly basis.

The broker-dealer that holds your assets charges you a transaction fee when we buy or sell an investment for you. The broker-dealer's transaction fees are in addition to our firm's fees for our Asset Management and Comprehensive Portfolio Management services.

You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time.

In certain cases, we select third party money managers, to assist us with managing your account. If selected, they will either charge you a fee, which will be described to you in their Form ADV and/or agreement. In certain instances this fee will be covered by our firm and detailed in our agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 5 of our Firm Brochure, which is available online at:*

**Questions to Ask Us:**

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:*

We have a relationship with Charles Schwab & Co., Inc. through which we receive certain products and services at no cost that benefit our firm but do not benefit our clients. Certain of these products and services assist us in managing and administering our clients' accounts and others help us develop our business. The receipt of such benefits creates a conflict of interest as it gives us an incentive to have clients custody their assets at Charles Schwab & Co., Inc.

*Additional information about our conflicts of interest is in Item 12 of our Firm Brochure, which is available online at:*
