ITEM 2. RELATIONSHIPS AND SERVICES

Q: "What investment services and advice can you provide me?"

At MAXIMAI, our team of investment professionals will evaluate your investment profile as well as your current investments and determine whether these complement each other. We will meet with you to determine your investment objectives, risk tolerance, and other relevant information at the beginning of our advisory relationship. Once we identify a risk profile, the firm will suggest and implement investment recommendations. In some cases, we may modify the model portfolio for particular clients based on the client's individual needs, financial objectives, and risk tolerance. Once we determine an appropriate strategy, we will monitor your portfolio's performance on an ongoing basis, at no cost to you. Our investment strategies and advice may vary depending upon each client's specific financial situation. As such, we determine investments and allocations based upon your predefined objectives, risk tolerance, time horizon, financial information, liquidity needs and other various suitability factors. Your restrictions and guidelines may affect the composition of your portfolio. It is important that you notify us immediately with respect to any material changes to your financial circumstances, including for example, a change in your current or expected income level, tax circumstances, or employment status. MAXIMAI has entered into a contractual relationship with Dynasty Financial Partners, LLC ("Dynasty"), which provides MAXIMAI with operational and back office support including access to a network of service providers. Through the Dynasty network of service providers, MAXIMAI may receive preferred pricing on trading technology, reporting, custody, brokerage, compliance, and other related services. MAXIMAI may also refer clients to other financial services companies and service providers, including commercial banks, as a courtesy to the client and with no compensation from the institution. MAXIMAI does not assume any responsibilities for the products and services offered by said institutions. MAXIMAI strongly recommends clients to perform their own due diligence on these institutions before opening a new account / relationship with them. MAXIMAI's cumulative minimum account is \$1,000,000; however, based on facts and circumstances MAXIMAI may, at its sole discretion, accept accounts with a lower value. Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Items 4, 7, and 8 via the following link: <https://adviserinfo.sec.gov/firm/brochure/284919>.

As a retail investor, you may ask us the following questions to start a conversation about relationships and services: "Given my financial situation, should I choose an investment advisory service? Why or why not?" "How will you choose investment to recommend to me?" "What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?"

ITEM 3. FEES, COSTS, CONFLICTS AND STANDARD OF CONDUCT

Q: What fees will I pay?

MAXIMAI Investment Partners, LLC offers advisory services for a fee that is set in and governed by the Advisory Agreement between you, as the Client, and MAXIMAI, as the Investment Advisor. Fees are paid on a quarterly basis, in arrears, based on the net asset value of the financial assets managed by the Firm as of the last business day of each month, or calculated based on the official value of the accounts or portfolios as reported by the financial institutions that act as brokers and/or custodians

for the client. The fees charged to each client are a function of the type and size of the client's portfolio. These fees range from .50% to 2.00% per annum (payable on a quarterly basis, calculated as 1/4 of the agreed upon percentage fee multiplied by the Net Asset Value of each account). These fees may be negotiated by the advisor under unusual circumstances, at the sole discretion of the advisor. Our annual portfolio management fee is billed and payable, quarterly in arrears, based on the average market value at end of billing period. If the portfolio management agreement is executed at any time other than the first day of a calendar quarter, our fees will apply on a pro rata basis, which means that the advisory fee is payable in proportion to the number of days in the quarter for which you are a client. Asset management fees will be deducted from the client's account on a quarterly basis by the broker-dealer where you have your account. We will deduct our advisory fee only when you have given our firm written authorization permitting the fees to be paid directly from your account. If you have a net worth greater than \$2,200,000, you may qualify, and elect to pay, a fee based on the capital gains in your account(s), known as a "Performance Fee". Ask us about the requirements, terms and conditions applicable to Performance-based advisory fees. It is important to note that you will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For detailed information, refer to our Form ADV Part 2A, Items 5 and 6 via the following link: <https://adviserinfo.sec.gov/firm/brochure/284919>.

Q. "What are your legal obligations to me when acting as my investment advisor? How else does your firm make money and what conflicts of interest do you have?"

When we act as your investment adviser, we have to act in your best interest and not put our interests ahead of yours. At the same time, the way we make money may create some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here's an example to help you understand what this means: Performance Fees. Clients that are paying a performance-based fee should be aware that investment advisors have an incentive to invest in riskier investments when paid a performance-based fee due to the higher risk/higher reward attributes.

Q. How might your conflicts of interest affect me, and how will you address them?

To address and mitigate potential conflicts of interests, MAXIMAI has developed written policies and a Code of Ethics. We will notify you in case additional conflicts ever arise. Refer to our Form ADV Part 7A via the following link: <https://adviserinfo.sec.gov/firm/brochure/284919> to help you understand what conflicts exist.

As a retail investor, you may ask a financial professional the following questions to start a conversation about the impact of fees and costs to your investments: "Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?"

Q. How do your financial professionals make money?

MAXIMAI's compensation for investment professionals is based on individual arrangements with each employee. Our Advisors may receive a fixed salary, a variable compensation based on their assets under management and the advisory fees charged to our clients or a combination of both.

ITEM 4. DISCIPLINARY HISTORY

Q. Do your financial professionals have legal or disciplinary history?

No, neither MAXIMAI nor any employee of the firm has been subject to any disciplinary actions by the Securities Exchange Commission (SEC) or any other regulatory entity. MAXIMAI does not have any legal issues, either pending or resolved, to disclose.

As a retail investor, you may ask a financial professional the following question to start a conversation: As a financial professional, do you have any disciplinary history? For what type of conduct?
