

Divergent Wealth Advisors, LLC
March 25, 2024
FORM CRS - Form ADV Part 3

Divergent Wealth Advisors, LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

What investment services and advice can you provide me?

We offer the following investment advisory services to retail investors: **Financial Planning and Consulting Services; Portfolio Management Services for Separately Managed Accounts; Partnership Accounts; and Pension Consulting Services.**

Account Monitoring: If you open an investment account with our firm, as part of our standard service we will monitor your investments on a quarterly basis.

Investment Authority: We manage investment accounts on a discretionary basis whereby we will decide which investments to buy or sell for your account. We also offer non-discretionary investment management services whereby we will provide advice, but you will ultimately decide which investments to buy and sell for your account. You have an unrestricted right to decline to implement any advice provided by our firm on a non-discretionary basis.

Investment Offerings: We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

Account Minimums and Requirements: In general, we require a minimum investment of \$500,000 to open and maintain an advisory account in our Divergent Wealth Signature Portfolios program, which may be waived at our discretion; Partnership Accounts require either a minimum investment of \$100,000 or \$500,000. Otherwise, our firm does not impose requirements for opening and maintaining accounts or otherwise engaging us.

Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A disclosure by clicking the following link <https://adviserinfo.sec.gov/firm/brochure/286383>. Refer to Items 4, 7, 8, 13, and 16.

Key Questions to Ask Your Financial Professional

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

What fees will I pay?

The following summarizes the principal fees and costs, as you will pay one or more of the following types of fees and associated costs when engaging our firm for the investment advisory services listed above.

- **Asset-Based Fees** - Payable quarterly in advance. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value, which creates a conflict of interest.
- **Hourly Fees** - Payable In arrears;
- **Fixed Fees** - Payable As invoiced;
- **Performance-based Fees** - We may charge performance-based fees to "qualified clients" having a net worth greater than \$2,100,000 or for whom we manage at least \$1,000,000 immediately after entering into an agreement for services. All clients to whom we charge performance-based fees must be eligible for this type of fee paying arrangement and must choose this fee structure from available options in our partnerships. Performance-based fees are fees based on a share of capital gains or capital appreciation of a client's account. Investors in privately held investment companies managed by our firm should refer to the offering documents of such companies for further information regarding fee arrangements. Performance-based fees create an incentive for us to make investments that are riskier or more speculative than would be the case absent a performance fee arrangement. Since we manage both accounts that charge a performance-based fee and accounts that are charged other fee types, we have an incentive to favor accounts that pay us performance-based fees;
- Clients may also pay additional fees and/or expenses. Common fees and costs applicable to our clients are custodian fees, account maintenance fees, mutual fund fees, ETF fees, transaction charges when purchasing or selling securities, and other product-level fees associated with your investments.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For detailed information, refer to our Form ADV Part 2A, Items 5 and 6 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/286383>.

Key Questions to Ask Your Financial Professional

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- **Proprietary Products:** We serve as the general partner or are affiliated with one or more private funds (private pooled investment vehicles) in which you may be solicited to invest;
- **Private Fund Affiliation:** We serve as the general partner or are affiliated with one or more private funds (private pooled investment vehicles) in which you may be solicited to invest. Our Company, certain members of its management, and other knowledgeable employees may acquire, directly or indirectly, investment interests in our fund or have other financial interests (e.g. General Partner, Officers, Board Members, etc.) in the funds. This presents a conflict of interest because we have investments and/or are compensated by the private funds.
- **Third-Party Payments:** Persons providing advice on behalf of our firm are registered representatives with a broker-dealer. These persons receive compensation in connection with the purchase and sale of securities or other investment products. Compensation earned by these persons is separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend investment products based on the compensation received rather than solely based on your needs.
- **Third-Party Payments:** Persons providing investment advice on behalf of our firm are licensed as independent insurance agents. These persons will earn commission-based compensation for selling insurance products. Insurance commissions are separate and in addition to our advisory fees. This practice presents a conflict of interest because they have an incentive to recommend insurance products to you for the purpose of generating commissions rather than solely based on your needs.

How do your financial professionals make money?

Our Company and the financial professional servicing your account(s) are compensated by either salary, the revenue the firm earns from the person's services or recommendations, or a combination of both.
