

Form ADV Part 3 – Customer Relationship Summary**Introduction**

Antigravity Investments Inc. (Antigravity Investments) is registered with the Securities and Exchange Commission (SEC) as an investment advisor. Clients and prospective clients should be aware that broker-dealers and investment advisers have different services and fees, and it is important for you to know about these differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://www.investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

What investment services and advice can you provide me?

We offer investment advisory services to retail investors. More specifically, as a client, we make trades in your brokerage accounts to help you start and continue investing in a portfolio that aligns with your financial goals. You can create an account and access our services via our online portal at www.antigravityinvestments.com. Our online portal will guide you through the process of creating a brokerage account if you do not have one or would like to create a new one. You can also contact us to manually link an existing brokerage account with our service.

We continually monitor your investment account to ensure your investment portfolio remains aligned with your investment goals. When you sign up for our investment management services, you grant us discretionary authority to manage it, which means we can buy and sell investments on your behalf when we determine it is appropriate to do so. We primarily invest your funds in U.S.-listed stocks, mutual funds, and exchange-traded funds. We do not have minimum account sizes or investment amounts. For additional information, please see items 4 and 7 of [our Form ADV Part 2A](#).

Conversation Starter: Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including licenses, education, and other qualifications? What do these qualifications mean?

What fees will I pay?

You will be charged an annual management fee of up to 2.00% depending on the investment services and strategies you have selected. This fee will be billed on a monthly or quarterly basis.

While using our service, you may need to pay fees to your brokerage account provider, including potentially paying fees when we buy or sell investments on your behalf. We do not receive any benefit, monetary or non-monetary, from fees charged by your brokerage account provider. You may also need to pay fees for investment products that we select, such as annual fees charged by mutual funds or exchange-traded funds. We do not receive any benefit, monetary or non-monetary, from fees charged by the investment products that we recommend.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you

understand what fees and costs you are paying. For additional information, please see item 5 of [our Form ADV Part 2A](#).

Conversation Starter: Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

We charge an annual management fee, meaning we will earn more income from fees if there are more assets in your investment account. We may therefore have an incentive to encourage you to increase the assets in your account. For additional information, please see items 10 and 11 of [our Form ADV Part 2A](#).

Conversation Starter: How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our financial professionals are paid a salary or on a contractual or hourly basis. Payments are based on a holistic performance evaluation. Compensation is not directly linked to specific factors like the firm's revenue, client investment performance, selecting specific investments for clients, opening new client accounts, or encouraging clients to deposit additional funds into their accounts.

Do you or your financial professionals have legal or disciplinary history?

No. We have no legal or disciplinary history to report. Visit [Investor.gov/CRS](https://www.investor.gov/CRS) for a free and simple search tool to research us and our financial professionals.

Conversation Starter: As a financial professional, do you have any disciplinary history? For what type of conduct?

Additional Information

You can find further additional information about our services at our website www.antigravityinvestments.com. You may also schedule a meeting with us through our [Meeting Form](#) or request a copy of Form CRS from support@antigravityinvestments.com.

Conversation Starter: Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
