

Introduction

Our firm, Bourke Wealth Management, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at www.investor.gov/CRS, which also provides educational materials about investment advisers, broker-dealers, and investing.

What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services to retail investors for an ongoing asset-based fee. Our advisory services include Comprehensive Portfolio Management, Financial Planning & Consulting and Retirement Plan Consulting. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, goals, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least quarterly, and if necessary, rebalanced to meet your changing needs, stated goals and objectives. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

Financial planning is included in our Comprehensive Portfolio Management services for no additional fee.

You can select in our agreement whether we are allowed to buy and sell investments in your account without asking you in advance ("discretion") or only buy and sell investments in your account after receiving your permission ("non-discretion"). If you select non-discretion, you make the ultimate decision regarding the purchase or sale of investments. Any limitations will be described in the signed advisory agreement. We will have discretion or non-discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments. Our firm requires a minimum household account balance of \$500,000 to open and maintain an account for our Comprehensive Portfolio Management services. This fee is generally not negotiable, and is required to be maintained throughout. However, our firm may waive the minimum account balance at its sole discretion.

Additional information about our advisory services is located in Item 4 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/brochure/297957>

Questions to Ask Us:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education and other qualifications? What do those qualifications mean?

What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the investments in your account. Our maximum annual fee for Comprehensive Portfolio Management is 2.25%. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account.

Our maximum hourly fee to be charged will not exceed \$350 and our flat fees will not exceed \$50,000 for our Financial Planning & Consulting services.

Fees based on a percentage of managed Plan assets will not exceed 1.00% for our Retirement Plan Consulting services.

The broker-dealer that holds your assets may charge you a transaction fee for certain asset types when we buy or sell an investment for you. The broker-dealer's transaction fees are in addition to our firm's fees for our Comprehensive Portfolio Management services.

You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, exchange traded funds, and variable annuities, charge additional fees that will reduce the value of your investments over time. In addition, you may have to pay fees such as "surrender charges" to sell variable annuities.

In certain cases, we may refer you to third party money managers, sub-advisers, and/or separate account managers who will assist us with managing your account. If selected, they will charge you a fee, which will be described to you in their Form ADV and/or agreement.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

Additional information about our fees is located in Item 5 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/brochure/297957>

Questions to Ask Us:

- Help me understand how these fees and costs may affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:

Our firm's financial professionals include licensed insurance agents who sell insurance products for a commission. They have an incentive to recommend insurance products to you in order to increase their compensation.

A conflict of interest exists with Schwab as our firm may have incentive to require that clients maintain their accounts with Schwab based on our interest receiving Schwab's services that benefit our firm rather than based on clients interests in receiving the best value in custody services and the most favorable execution of transactions.

Additional information about our conflicts of interest is located in Item 10, 12 & 14 of our Firm Brochure, which is available online at <https://adviserinfo.sec.gov/firm/brochure/297957>

Questions to Ask Us:

- How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our financial professionals are compensated based on the revenue our firm earns from their advisory services or recommendations, the amount of client assets they service, and the time and complexity required to meet a client's needs.

Do you or your financial professionals have legal or disciplinary history?

Yes, our firm or financial professionals have legal and disciplinary history. Visit Investor.gov/CRS for a free and simple search tool to research our firm and our financial professionals.

Additional Information

You can find additional information about our firm's investment advisory services on the SEC's website at www.adviserinfo.sec.gov by searching CRD #297957. You may also contact our firm at 805-966-2122 to request a copy of this relationship summary and other up-to-date information.

Questions to Ask Us:

- Who is my primary contact person? Is he or she a representative of an investment adviser or a broker-dealer? Who can I talk to if I have concerns about how this person is treating me?
