

## Introduction

Our firm, Bison Capital Advisors, LLC, is an investment adviser registered with the Securities and Exchange Commission. We feel that it is important for you to understand how advisory and brokerage services and fees differ in order to determine which type of account is right for you. There are free and simple tools available to research firms and financial professionals at [www.investor.gov/CRS](http://www.investor.gov/CRS), which also provides educational materials about investment advisers, broker-dealers, and investing.

## What investment services and advice can you provide me?

We are a registered investment adviser that offers investment advisory services, including Wrap Asset Management to clients. If you open an advisory account with our firm, we'll meet with you to understand your current financial situation, existing resources, objectives, and risk tolerance. Based on what we learn, we'll recommend a portfolio of investments that is monitored at least annually, and if necessary, rebalanced to meet your changing needs and goals. We'll offer you advice on a regular basis and contact you at least annually to discuss your portfolio.

We manage accounts on a discretionary basis. After you sign an agreement with our firm, we're allowed to buy and sell investments in your account without asking you in advance. Any limitations will be described in the signed advisory agreement. We will have discretion until the advisory agreement is terminated by you or our firm.

We do not restrict our advice to limited types of products or investments.

Our firm requires a minimum account balance of \$500,000 to open and maintain an account for our Wrap Asset Management service. Exceptions may be made on a case by case basis.

*Additional information about our advisory services is in Item 5 of our Wrap Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/306471>.*

## What fees will I pay?

You will be charged an ongoing quarterly fee based on the value of the assets in your account. Our Wrap Asset Management fee schedule ranges from 0.25% to 1.50% depending on the value of the assets in your account unless negotiated lower. The more assets you have in your advisory account, the more you will pay us. We therefore have an incentive to increase the assets in your advisory account in order to increase our fees. Our fees vary and are negotiable. The amount you pay will depend, for example, on the services you receive and the amount of assets in your account. Our firm's fees will be automatically deducted from your advisory account, which will reduce the value of your advisory account. In rare cases, we will agree to send you invoices rather than automatically deduct our fees from your advisory account.

We pay the broker-dealer's transaction fees charged to you for our Wrap Asset Management service. The fees for wrap fee programs are typically higher than a typical asset-based advisory fee.

You may also pay charges imposed by the broker-dealer holding your accounts for certain investments and maintaining your account. Some investments, such as mutual funds, index funds, and exchange traded funds charge additional fees that will reduce the value of your investments over time.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

*Additional information about our fees is in Item 4 of our Wrap Brochure, which is available online at <https://adviserinfo.sec.gov/firm/summary/306471>.*

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

*When we act as your investment adviser, we must always act in a fiduciary capacity, which means we must always act in your best interest and not put our self-interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means:*

For our wrap services, we pay the broker-dealer's transaction fees charged to you except for U.S. listed equities and exchange traded funds, which do not have transaction fees as long as the client has opted in to the receipt of electronic statements or maintains at least \$1 million in assets with Fidelity Brokerage Services. As a result, we have an incentive to recommend these asset types without transaction fees in order to reduce the amount of the broker-dealer's transaction fees that we will have to pay on your behalf.

The amount you pay for our firm's advisory services varies based on the type of investments that we select on your behalf. We charge a reduced advisory fee for Fixed Income, Mutual Funds and/or Managed Cash accounts.

*Additional information about our conflicts of interest is in Item 10 of our Firm Brochure and Item 9 of our Wrap Brochure, which are available online at <https://adviserinfo.sec.gov/firm/summary/306471>.*
