

### Item 1 – Introduction: Is an investment advisory account right for you?

Wealthtech Partners LLC is registered with the Securities and Exchange Commission as an investment adviser. Please be aware that brokerage and investment advisory services and fees differ and that it is important for you to understand the differences. Free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.

### Item 2 – What investment services and advice can you provide me?

We offer investment advisory services to retail investors. Our principal services include financial planning, portfolio management, the selection of other advisers and investment consulting services for clients of a financial institution. Portfolio management services are provided through a wrap fee program, non-wrap program and web-based program. As part of our standard portfolio management service we provide continuous and regular supervisory and/or management services with respect to your account(s). We do not monitor the investments made as a result of a financial plan unless you have hired us for portfolio management services. Our portfolio management services are offered on a discretionary basis. *Discretionary* authorization allows us to determine the specific securities, and the amount of securities, to be purchased or sold for your account without your approval prior to each transaction. In limited cases, and only in the firm's discretion, we may accept non-discretionary portfolio management engagements. Non-discretionary portfolio management service means that we must obtain your approval prior to placing any transactions in your account. We do not require a minimum amount of assets to establish a relationship with us. When providing web based portfolio management services, we may assign to client accounts any of the available Altruist LLC generated portfolios, Third-Party Portfolios, or other portfolios made available through Altruist LLC's Model Marketplace.

**For additional information, please refer to Items 4, 7, & 13 of our Form ADV Part 2A and Items 4 and 5 of Form ADV Part 2A Appendix 1 at the following link: <https://adviserinfo.sec.gov/firm/brochure/314712>**

*Conversation Starters. Ask your financial professional—*

- ❖ *Given my financial situation, should I choose an investment advisory service? Why or why not?*
- ❖ *How will you choose investments to recommend to me?*
- ❖ *What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?*

### Item 3 – What fees will I pay?

We are primarily compensated by a percentage of assets under our management, hourly fees, fixed fees and referral fees. Our fees vary depending on the services you receive. Portfolio management fees are based upon a percentage of your assets under our management, and are payable monthly or quarterly, in advance or in arrears, depending on the payment arrangement negotiated with you and set forth in the Client Agreement. The more assets there are in your advisory account, the more you will pay in fees. Therefore, we have an incentive to encourage you to increase the assets in your account. Asset-based fees associated with our wrap fee program will include most transaction costs and fees to a broker-dealer that has custody of these assets, and therefore are higher than a typical asset-based advisory fee. In non-wrap and web-based portfolio management programs, the broker dealer/custodian of the account may charge separate transaction fees. When we refer you to a third-party investment adviser, we receive a portion of the third party investment adviser's fee as compensation. We provide financial planning services for an hourly or fixed fee. Our fees are negotiable depending upon the complexity and scope of the service, your financial situation, and your objectives.

**For additional information regarding our fees, please see Item 5 of our Form ADV Part 2A and Item 4 of Form ADV Part 2A Appendix 1 at the following link: <https://adviserinfo.sec.gov/firm/brochure/314712>**

**Description of Other Fees and Costs:** The fees that you pay to our firm for investment advisory services are separate and distinct from the fees and expenses charged by investment companies (e.g., mutual funds, exchange traded funds, unit investment trusts and variable annuities). These fees are described in each fund's prospectus. These fees will generally include a management fee and other fund expenses. If you are invested in a non wrap account, you will also incur transaction charges and/or brokerage fees when purchasing or selling securities. These charges and fees are typically imposed by the broker-dealer or custodian that executes the trade. The broker-dealer or custodian may also charge your account for custodial fees, retirement account fees, trust fees, exchange fees, redemption fees that may be assessed on investment company shares, transfer fees, account termination fees or other special service fees and charges. We do not share in any portion of these fees imposed by the broker-dealer or custodian. To fully understand the total cost you will incur, you should review all the fees charged by investment companies, broker-dealers, our firm, and others. Asset-based fees associated with our wrap fee program will include most transaction costs and fees to a broker-dealer that has custody of these assets.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

**For additional information about fees charged by third parties, please refer to Item 5 of Form ADV Part 2A and Item 4 of Form ADV Part 2A Appendix 1 at the following link: <https://adviserinfo.sec.gov/firm/brochure/314712>**

*Conversation Starter. Ask your financial professional—*

- ❖ *Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?*

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. When we provide investment advice to you regarding your retirement plan account or individual retirement account, we are fiduciaries within the meaning of Title I of the Employee Retirement Income Security Act and/or the Internal Revenue Code, as applicable, which are laws governing retirement accounts. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means:

- All investment advisers face conflicts of interest which are inherent in the business. Our primary source of compensation is through asset-based fees. Therefore, we are incentivized to acquire new clients and to increase assets under management. Other conflicts of interest result from other business activities we engage in and relationships we have with business partners and third parties, or affiliations we have established with other financial institutions.
- We may recommend that you use a third-party advisor (TPA) and we will share in the compensation received by the TPA for managing your account. The compensation arrangement presents a conflict of interest due to a financial incentive to recommend the services of the third-party advisor. You are not required to use the services of any TPA we recommend.
- Wrap fee programs may not be suitable for accounts with little or no trading activity. In order to evaluate whether a wrap fee program is suitable for you, you should compare the program fee with the fees that would be charged by other advisers for non-wrap portfolio management services. If you plan to follow a buy and hold strategy for the account or do not wish to use us for ongoing investment advice or management services, you should consider opening a non-wrap portfolio management account or a brokerage account rather than a wrap fee program account.
- We have established various referral arrangements with Altruist (Altruist Match Program, Altruist Advisor Referral Program, and other third parties (Ladder Insurance Lead Generation Partnership) and we receive direct and indirect compensation from them. These arrangements create a number of conflicts of interest that are described in detail throughout our ADV Part 2.

*Conversation Starter. Ask your financial professional—*

- ❖ *How might your conflicts of interest affect me, and how will you address them?*

**Please refer to our Form ADV Part 2A and Form ADV Part 2A Appendix 1 for further information on our conflicts of interest and how we address them at the following link: <https://adviserinfo.sec.gov/firm/brochure/314712>. Please pay special attention to Item 14 disclosures on Part 2A.**

**How do your financial professionals make money?**

Our financial professionals receive salary-based compensation, a percentage of advisory billings and/or bonuses based on the amount of client assets they bring to our firm. Financial professionals who have an ownership interest in the firm will also receive additional compensation in the form of distributions. Therefore, our financial professionals have an incentive to encourage you to increase the assets in your account. You can also access free and simple tools to help you research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing.
