

Canopy Capital Group
FORM CRS – CUSTOMER RELATIONSHIP SUMMARY
June 2025

Item 1. <u>Introduction</u>	GoldenX Company, doing business as Canopy Capital Group (“Canopy”), is registered with the Securities and Exchange Commission as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment advisers, and investing.
Item 2. <u>Relationships and Services</u>	<p>What investment services and advice can you provide me?</p> <p>Canopy provides investment sub-advisory services to your investment adviser (“IA”) through an internet-based platform that delivers customized investment portfolios that consist mainly of fixed income securities. You, through your investment adviser, provide inputs to Canopy, such as desired asset class, characteristics and targets, and Canopy implements the investment strategy based on those inputs.</p> <p>Canopy does not offer any services directly to retail investors, but solely through a sub-advisory agreement between your IA and Canopy.</p> <p>It is important to know that Canopy does not provide advice to you or to your IA regarding the selection of the strategy you invest in or whether the strategy is appropriate for your specific needs. That decision is made between you and your IA.</p> <p>We act in a discretionary manner, meaning we have the authority to decide what assets are purchased and sold, how much and when to trade.</p> <p>We also offer IAs tax loss optimization tools on the investment platform to assist in tax loss harvesting, but we do not provide accounting, legal, or tax advice.</p> <p>Monitoring</p> <p>The performance of your account is monitored by our team, supported by Canopy’s optimization software, on a daily basis to ensure your account holdings are in line with the investment strategy selected, with specific attention to any variance between the target allocation of different assets and the actual account holdings, but we do not monitor for the ongoing suitability of a particular strategy for you. Your IA is responsible for determining suitability.</p> <p>Investment Authority</p> <p>Accounts are managed on a discretionary basis based on the parameters set by the IA.</p> <p>Limited Investment Offering</p> <p>While we focus our investment advice mainly on fixed income securities, we may at a future date expand the scope of our advice to you.</p> <p>Account Minimums and Other Requirements</p> <p>We impose account minimums, and those account minimums are different depending on the strategy or services selected. Minimums may be waived in our sole discretion.</p> <p><i>You may find additional information about Canopy services in Part 2A of our Form ADV, which is available at https://adviserinfo.sec.gov/</i></p> <p>Conversation Starters.</p> <ul style="list-style-type: none">● Given my financial situation, should I choose an investment advisory service? Why or why not?● How will you choose investments to recommend to me?● What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean? <p>Answers to the conversation starters will be provided by Canopy and made available through your IA.</p>
Item 3. <u>Fees, Costs, Conflicts, and Standard of Conduct</u>	<p>A. What fees will I pay?</p> <p>As compensation for investment sub-advisory services rendered to a client, Canopy will charge a fee calculated as a percentage of the market value of the assets in your account, payable monthly in arrears. The investment management fee is generally subject to modification, waiver, or reduction at our discretion. The more assets there are in your advisory account, the more you will pay in fees, and we may therefore have an incentive to encourage you to increase the assets in your account.</p>

Item 3. <u>Fees, Costs, Conflicts, and Standard of Conduct</u>	<p>B. What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?</p> <p><i>When we act as your investment advisor (indirectly through a sub-advisory agreement between Canopy and your IA), Canopy has to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.</i></p> <ul style="list-style-type: none">● Canopy manages accounts for multiple clients. Our firm earns more as we expand our client base and grow our assets under management, and we will seek to balance our staffing with the needs of the interactive website.● Canopy personnel and their families and households may purchase investments for their own accounts, including the same investments as may be purchased or sold for you. It is possible that transactions made by Canopy personnel could occur at the same time as transactions for you and/or negatively impact prices for investments that are recommended to you. Canopy personnel will, under certain circumstances, buy and sell investments inconsistent with how Canopy buys and sells investments for you. <p>Conversation Starter.</p> <ul style="list-style-type: none">● How might your conflicts of interest affect me, and how will you address them? <p><i>You may find additional information about conflicts of interest between Canopy and its clients on Part 2 of our Form ADV, which is available at https://adviserinfo.sec.gov/</i></p> <p>How do your financial professionals make money?</p> <p>Our financial professionals receive a salary and may receive a discretionary bonus and may own equity or receive equity options in Canopy.
