Key questions to ask your financial professional:

Given my financial situation, should I choose an investment advisory service? Why or why not? How will you choose investments to recommend to me? What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?

What fees will I pay?

When providing financial planning services, we charge either an asset based, fixed or hourly fee that we quote in advance based on the complexity of the project, some of which may be due upon engagement. Our financial planning fees are separate from any fees or expenses assessed by outside parties.

You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.

For additional information about the fees we charge, please see Item 5 of our Form ADV Part 2A Brochure at www.theconverseteam.com.

Key questions to ask your financial professional:

Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they affect the investment advice we provide you. Here are some examples to help you understand what this means.

Some firms earn incentives by using proprietary products in client accounts and some firms trade investments from their own inventory with their clients. We do not engage in these activities.

For additional information about our custodial arrangement, please see Item 12 of our Form ADV Part 2A Brochure at www.theconverseteam.com.

Key questions to ask your financial professional:

How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

Our financial professionals may be compensated with salary, revenue sharing for servicing accounts, and or bonus compensation for generating new clients. Our financial professionals do not receive economic benefits or other compensation from outside parties for advisory services but may for investment sales when serving as a broker.
